

Job Opportunities: 10 Postdoctoral Fellowship Positions - A Future Ocean: Alexander von Humboldt Research Fellowship

The Alexander von Humboldt Foundation and the Cluster of Excellence "The Future Ocean" at the Christian-Albrechts University in Kiel, Germany, offer 10 Postdoctoral Fellowship Positions in marine, environmental, earth and related sciences, but also including economy, medicine, biology, chemistry, mathematics, geology, geography, law and informatics to work together to understand the ocean, recognize related economic and social impact factors and devise solutions to sustain our future.

A Future Ocean - Alexander von Humboldt Research Fellowship allows postdoctoral researchers to carry out a project of 6-24 months, selected in cooperation with an academic host in Kiel, Germany. The program addresses postdoctoral researchers with a PhD up to four years ago, and experienced postdoctoral researchers, with a PhD not more than twelve years ago.

See details at <http://www.futureocean.org/Humboldt>

This advertisement has no application deadline and applications can be submitted any time. Please note that the selection process, including external reviews, will take about 3-6 months. Selection committee meetings take place in March, July and November. Please plan your application accordingly. For more details on applications and the selection process see <http://www.humboldt-foundation.de/web/humboldt-fellowship-postdoc.html>

Fellowships are open until filled, but at least until October 2011.
