X International Summer School

"Molecular Microbiology and Biotechnology"

4 - 20 June

We invite young scientists and PhD students to participate in the Summer School! For collaborators of Ukrainian academic scientific organizations and universities education is free. The registration fee for participants from companies and other organizations and foreign participants to cover material costs for laboratory classes - € 100 (or the exchange rate in UAH).

The deadline for sending applications is April 24. Please, send applications on e-mail: sergeeva.zh@onu.edu.ua. Executive secretary of the Summer School - Sergeeva Zhanna.

Applications should be sent in the form of a Microsoft Word document (*.doc(x)), be sure to specify the full name (in Ukrainian and English or in English for foreign participants), age, position / year of study, institution, specialty, scientific interests, participation in the International Conference "Actual Problems of Microbiology and Biotechnology".

The number of participants is limited. List of Summer School participants will be compiled on a competitive basis after considering all applications until May 4!
Please note that participants can also take part in the International Conference "Actual Problems of Microbiology and Biotechnology" and make a presentation of the results of their own research.

Arrival and start of the lessons - June 4 at 1:00 pm, the end of the lessons and departure - June 20.

Please note that sending institute must cover the full cost of the business trip (travel tickets, accommodation, per diem subsistence allowance).

Presentations, lectures and classes are held at Microbiology, Virology and Biotechnology Department of ONU. Address: Odessa, Champansky lane, 2.
